Wedding Packages

Your wedding venue for all seasons

At any time of the year Ringwood Hall can provide an ideal location for your wedding celebrations, ideally located on the edge of the Peak District and a short drive from Sheffield and Nottingham this beautiful venue offers everything.

The hotel is set in 6 acres of formal garden surrounded by 29 acres of parkland and our gallery of images provides you with a flavour of the garden through the seasons and the wonderful backcloth it creates for photographic images for each of the seasons.

The garden is such that colour can be seen all year round, through to the hydrangeas which set off the beautiful yellows and rustics of autumn. We start with snowdrops in the winter, "seas" of daffodils, bluebells and tulips in the spring, before the riot of colours and textures that develop late in the spring throughout the summer months, all of the way.

Even though the seasons are clearly defined the weather we have come to expect is totally unprecedented. January and February can provide more sunshine sometimes than we may expect in the summer months and, summer showers seem more likely than April showers these days.

So, why not plan your wedding with the seasonal theme and take advantage of our fixed priced seasonal packages which include, in all cases, table dressings and chair covers and in some cases extra special extra's, like fireworks, candy carts and live music.

We recognize that budget considerations are major these days and we have tried to incorporate as much within the fixed price as possible to help you with that difficult budgeting.

Mindful of these, the selection of a midweek date for the seasonal packages can provide you with opportunity for even further discounts and concessions often supported by interesting offers from our main professional wedding suppliers with whom we like to work closely.

We are delighted to advise you that all of our 'All Inclusive Seasonal Packages' include chair covers, sashes and table dressings. You select between the two event dressers that work in partnership with us on these exclusive packages.

Weddings in the Pavilion

The Garden Pavilion, licensed for civil marriages, civil partnerships and blessings is a very special and unique feature at Ringwood Hall.

The Pavilion is available from Sunday to Friday inclusive (not Saturdays as the gardens can be so busy!)

- Whilst the Pavilion makes the perfect setting for an idyllic wedding, we must draw your attention to a number of considerations
- The unpredictable English climate can make wedding arrangements in the Pavilion uncertain, there is always a 'back-up plan' with an alternative location agreed
- If the alternative plan involves a 'turnaround' in the reception room, then both room hire charges will still apply
- If there is a slightest likelihood of a shower or the weather is at all unpleasant a decision will be taken NOT to hold the wedding outside
- Wherever possible the decision will be taken the night prior based on the local weather forecast
- In the final event the Registrar has the last word!
- Flowers decorating the Pavilion structure can only be provided by Strides or The Classy Wedding Company, the recommend florists to Ringwood Hall. Other floral decorations which do not touch the structure are perfectly possible from other florists or event dressers
- Please note: Brides will need to arrive to the front entrance and walk down via the Gardens as cars are not permitted to drive on the grassed area near the Pavilion (this is an instruction for the Registrar's) except in exceptional circumstances
- Ringwood to provide gold wooden chairs, these are pretty classical chairs and do not require chair covers
    - Up to 50 chairs - £95.00 + VAT
    - Up to 100 chairs - £135.00 + VAT
    - Up to 150 chairs - £195.00 + VAT
    - Please note chair hire costs will be refunded if the wedding ceremony takes place indoors and the chairs are not brought out at all

- Please be politely advised that the hotel cannot transfer chair covers in to your reception room, this has to be the responsibility of your chair cover provider
- One final note in respect of unprecedented and inclement weather - your guests may not share your enthusiasm for risking the showers... the chairs and the Registrars certainly will not!

Guidelines for bridal couples choosing a Garden Pavilion wedding

We are delighted to be able to provide you with the amazing setting of our Garden Pavilion for your civil ceremony outside in our beautiful garden.

However, unfortunately the one ingredient of your day that we are unable to have any control over is of course the weather, therefore, from the beginning of your plans you must be prepared for a last minute change of plan and for your ceremony to take place indoors in a pre-agreed suite, can also be predetermined from early in the daytime and the decision is simple. Sometimes there is no question about the location of the wedding service on the day. This can be either way, a bright sunny warm day with "wall to wall sunshine" can be predetermined from early on and similarly a wet, cool or windy day. The difficulty really is about the change of weather conditions throughout unpredictable days, sunny one minute, showers or down pours the next.

We therefore provide the following guidelines for you to discuss and consider in advance of the day to make the decision making on the day as painless and as straight forward as possible.

- Your Master of Ceremonies and the Duty Manager may need to have a discussion with someone on the day to make a decision as to whether the ceremony should take place indoors or outdoors. Please provide us with a contact as to who this should be

- If your plans include chair covers and dressing the Pavilion or the area around the Pavilion please be mindful if the decision is to take place at the last minute the, Operations Team need time to prepare the area. Please bear in mind that only one area can be dressed, and a decision may have to be taken as to whether it is the back-up room or the Pavilion itself

- Often it is a minimum of 45 minutes as a requirement to dress a room with chair covers and sashes and a minimum of 30 minutes for pashminas

- As a general rule the Operations team do not take any chances and will therefore have the back-up room set up as well. In the event that the back-up room is the same suite as your wedding celebrations please be mindful that's cakes and table decorations etc. cannot be delivered directly to the room until after the ceremony

In the final event , whatever the Operations Team try to do to assist for the wedding to be conducted outside, the final decision rests with the Registrars and in some cases it will be they who decide that the weather is not suitable so please be prepared for this.

We truly hope that you give due consideration to all these details in your discussions with the wedding team and between yourselves as the very last thing that we want to do is to be the cause of any upset whatsoever on your special day.

Thank you for reading this important information.
